

Laique Rehman leads fight in March 1 Republican primary

Conservative patriot Laique Rehman, running in the March 1 Republican primary for U.S. Congress, is the only candidate listening to you and offering a top-to-bottom plan to protect Texas jobs, protect your paycheck and protect the country you know and love.

“I’m the only candidate in the March 1 Republican primary with the experience and no-compromise values to defeat liberal Democrat Congresswoman Lizzie Fletcher,” said Rehman. “We’re going to stop the D.C. assault on Texas and cut up their credit cards they’re charging to

you and your kids.”

“They hate Texas because our prosperity, family values and happiness proves liberals wrong every day,” said Rehman. “They want to destroy Texas, and they plan to do that by destroying oil and gas.”

Rehman is a lifelong conservative Republican who has lived in District 7 more than three decades and has been a delegate to many Texas Republican Conventions.

Rehman only candidate with proven plan to stop border chaos, prosecute human traffickers

“People like you and me are sick and tired of being attacked for wanting secure borders and a safe state”

Laique Rehman with former Sheriff, now District 22 Congressman, Troy Nehls. Laique Rehman is the only candidate in the March 1 Republican primary for Congress in District 7 with a complete plan to secure our borders and stop illegal immigration.

“As a legal immigrant, law enforcement advocate and patriot, I’m the conservative Democrats fear.”

- Laique Rehman

Conservative patriot Laique Rehman, running in the March 1 Republican primary for U.S. Congress, is the only candidate with a comprehensive plan to protect our borders.

Rehman, a legal immigrant and citizen who followed the law and has lived in Houston for three decades as a successful businessman, understand the issue better than any other candidate and is the only candidate who can defeat liberal Democrat Congresswoman Lizzie Fletcher.

Democrats fear Rehman, a legal immigrant and successful businessman

“People like you and me are sick and tired of being attacked for wanting secure borders and a safe state,” said Rehman. “As a legal immigrant, law enforcement advocate and patriot, I’m the conservative Democrats.”

“Every other candidate says ‘Build The Wall,’ but that doesn’t go far enough,” said Rehman. “A border wall keeps out some who sneak over the border, but it doesn’t stop the human traffickers using legal visas and it doesn’t stop

the smugglers shipping drugs in planes and boats.”

‘Build The Wall’ just a start, we must go after cartels and smugglers

“Building a wall is a start, but you won’t secure the borders until you secure our legal points of entry, where half the illegal immigration and most of the drugs enter,” said Rehman. “Most other candidates don’t understand that.”

Rehman also wants to strike at the root of the problem, organized criminals who smuggle people and drugs.

“Other candidates never seem to address the people behind illegal immigration. You won’t stop illegal immigration until you break the smuggling cartels and fully prosecute human traffickers,” said Rehman.

“South Texas flipped red because Texans of all races are sick of the crime and sick of being attacked by liberal cultural elites,” said Rehman. “I’m the only candidate with a full plan to stop it, and to take the fight directly to the smugglers and the cartels.”

in the oil and gas industry who has been at forefront selling American oil and gas commodities into global markets.

Rehman only candidate who can defeat Democrat Lizzie Fletcher

The company he started has exported hundreds of millions of dollars of US made products to countries around the world. Rehman is known in the business world and acts as a speaker as well as panelist on prestigious oil and gas forums globally. Rehman is also a partner and founder in a financial advisory company engaged in taking companies public.

Rehman has been Houston conservative activist for over 20 years

Rehman has been a prominent member of the community and has stood up for conservative causes including suing the US Government over Census in the US Supreme Court.

“We’re going to stop the D.C. war on oil and gas,” said Rehman. “The war on oil and gas is both political and financial. They’re intentionally

making it hard to raise money on a profitable fossil fuel project on wall street,” said Rehman. “I am from the oil and gas industry have been on the front lines of American trade and commerce exporting hundreds of millions of American oil and gas products.”

Rehman will lead fight to protect Texas oil & gas

“And we’re going to restore fiscal responsibility. I’m sick of the broken promises from politicians,” said Rehman. “We must stop indebting our children by printing money for handouts, and we must bring back competitiveness in all sectors of our economy.”

Rehman only 100% America First candidate

“That means America First,” said Rehman. “Americans today subsidize the medicine for rest of world. Instead of training programs for Americans for the new economy, we keep exporting our jobs.”

“That ends when I go to Congress,” said Rehman. “I’m the candidate Democrats fear, because I prove everything they say is wrong.” - HSN

THE PATRIOT PLEDGE

BALANCING THE BUDGET

Federal deficit for 2022 will exceed \$1.66 trillion. I consider this as one of the greatest threats facing our nation. This government loves printing dollars for their handouts. Like any business, we need to cut costs across the board and shut down some Federal Programs including some Departments. We need to restore competition in all sectors of the economy by protecting small and mid-size business.... nothing is too big to fail.

BUILDING OUR INFRASTRUCTURE

We need to modernize our electricity grid while maintaining our independence to avoid a future winter freeze in Texas. I will work across the aisle to ensure the funds collected from the district are spent to improve the infrastructure of the district and our great State of Texas to avoid flooding such as one experienced during Harvey. Similarly, as our exports Oil, Gas and downstream products grow we need to improve our infrastructure including Ports and Waterways that are vital for exporting our products.

STRONG MILITARY

I will work relentlessly to ensure our military is in possession of the most advanced weapons to give them an edge over their adversaries. I supported President Trump decision for getting us out of endless wars and use the money to modernize our military and improve the support for our honored veterans, who served our country.

MORE JOBS FOR TEXAS

COVID-19 has left millions of Americans unemployed and closed thousands of small businesses across the state. We must rebuild our economy as quickly as possible and get Americans back to work. Our current representative and her green colleagues are working to choke fossil fuels industry thru both political and financial pressure. I support our fossil fuel industries efforts to reduce their carbon footprint by using the latest advanced technology. We must work together attract jobs from the new economy. Small business remains the largest employer in the US. For the record our Shale Oil and Gas was not developed by large oil majors but by smaller outfits. I will work to protect the creativity and ingenuity of our small business.

FAIR TRADE

Having worked for decades in the frontlines of American trade selling US products for a living, I understand the importance of fair trade. I will work relentlessly to remove obstacles facing US products and services when they enter other countries. Countries all over the world want access to our markets similarly we need fair access for US goods and services to these markets.

BORDER PROTECTION

We are a country of immigrants. Border security remains our major problem under the current administration. Will work to stop the flow of illegal immigrants and improve merit-based immigration that has brought us talent, ideas and investment.

HEALTH CARE

Obamacare has destroyed the concept of old-fashioned small practice by removing the competition and making health care unaffordable. I believe all policies should be free market related. President Trump administration was the first administration that tried to improve competitive pricing in the pharmaceutical industry.

PUBLIC SAFETY AND EDUCATION

We need to do more for protecting family's safety and education. Education need not end after high school. American workforce will needs to be constantly educated and retooled to compete in the global economy.

2ND AMENDMENT

I believe in the protection of our second amendment rights.

Signed,

Laique Rehman

Laique Rehman
Republican for Congress
Texas District 7

Laique Rehman is the only candidate in the March 1 GOP primary for Congress in your district to have signed the Pledge. Anyone can vote early February 14 to 25.

Laique Rehman only candidate in Mar. 1 GOP primary with global business experience Houston needs

Laique Rehman addresses the 7th Annual Downstream & Petrochemical conference in Asia. Laique Rehman is President of U.S. Petrochemicals and has been at forefront of selling American oil and gas commodities in the global markets. The company, he started has exported hundreds of millions of dollars of US made products to countries globally.

With Houston's economy facing upcoming challenges even amid a national economic boom, Laique Rehman is the only candidate with global business experience in the March 3 GOP primary for Congress' Seventh District.

In his speech at the 2010 European Petrochemical Conference in he stated that US still has competitively priced natural gas and we have the technology and the freight advantage from west coast of NAFTA countries to remain a world leader.

He also sued the Clinton administration over liberal Census questions that violated the constitutional rights .

"To me being fiscally conservative, small government, cutting expenditures to balance the budget is not a campaign talking point," said Rehman.

"In business I have done it all the time and I am confident my experience as a small businessman on the front lines of American Trade and Commerce," said Rehman.

"I have exported hundreds of millions of dollars of American Products globally on razor thin margins will add value in both Washington and to our district in coming up with creative solutions to complex problems facing our nation and our district," said Rehman.

A Personal Note To You From Laique Rehman

7th District voters has a representative who has nothing to show for her term in office and represents the deep state establishment and special interests.

Crime has become rampant in our neighborhoods and our borders are less secure. Voters of CD 7 deserve safer neighborhoods and secure borders. Current administration is incapable of facing external threats being faced by our nation in Europe and East Asia. It is time we take care of our veterans who have sacrificed so much for our country.

She belongs to the party that has declared war on our fossil fuel industry because of which Americans pay higher for gas than they did before. If current representative is reelected her party will destroy our oil industry which took so many years to build. By doing that she will also destroy our downstream Manufacturing Industry which is feeding on the cheap oil and gas feedstocks. Today Texas power costs at 4.5 cents per kilowatt hour are one of the cheapest in the world. Even cheaper than middle east. If her green friends had their way, they will be double the cost of power like in Europe. With your help I will take our District back and safeguard what we have achieved in the Energy Sector as well as retain the manufacturing jobs created from our oil and gas industry.

As your representative I will do everything in my power to attract jobs in the new economy back to Texas.

The trillion-dollar handouts being given out by her party is creating inflation for the average Americans who have to pay more for groceries than they ever did before and our future generations will have to repay this debt. We need fiscal responsibility in Washington..

We need to restore competition back in our health care industry and avoid the pitfalls of socialized medicine where the current administrations want to take us.

On March 1 you have the opportunity to take our District back by voting for Laique Rehman in the Republican primary.
