

LAIQUE REHMAN ONLY CANDIDATE TO SIGN 'TEXAS PLEDGE'

Laique Rehman is the only candidate in the March 3 GOP primary for Congress in Texas' 7th District to sign "The Texas Pledge."

"Every Republican claims they'll fight for Texas, but when elected they join The Swamp," said Rehman. "I am only candidate in the March 3 Republican Primary to sign the "The Texas Pledge" confirming in sworn writing I will support a conservative agenda.

Laique Rehman only candidate seeking Obama, Hillary prosecution for spying on Trump

Justice Department case shows Hillary Clinton's "Russian dossier" was illegal. Obama met with FBI to plot Trump prosecution based on illegal warrants. Laique Rehman is the only candidate in the March 3 GOP primary for Congress backing a full House investigation into Obama and Hillary.

Stunned by her defeat by Donald Trump, the Clinton campaign leaked the contents of a fake "Russian dossier" that appears to have been illegally funded. The Obama administration used it to illegally secure wiretaps aimed at Trump and illegally leaked the contents of the calls to the media. Laique Rehman is the only candidate in the March 3 GOP primary for Congress backing a plan to investigate Obama and Clinton.

Laique Rehman is the only candidate for Congress in the March 3 GOP primary backing a plan to force Barack Obama and Hillary Clinton to testify before Congress about their roles in illegal efforts to spy on President Donald Trump.

"The Justice Department already determined what Hillary and Obama did was illegal," said Rehman. "Voting for Laique Rehman on March 3 is the only way to hold Obama and Hillary accountable for spying on Trump."

The "Russian dossier" that was used to smear Trump, and was the basis for the "Muller investigation" was ordered by the Hillary Clinton campaign and the Democrat National Committee.

The "dossier" was quickly

proven to be false, but it was the basis for a series of wiretaps aimed at Trump that a Justice Department investigation later determined were illegal.

But legal experts are also troubled by how the Clinton concealed her involvement in the dossier's creation. Not wanting to publicly reveal they had hired the firm of "Fusion GPS" to investigate Trump, the Clinton campaign paid for the dossier by routing the payments through a D.C. law firm so Fusion GPS would not appear on their campaign finance reports.

Federal law makes it illegal to conceal a campaign expense by routing payments through other companies. Three senior staffers of a 2008 Republican presidential campaign were convicted and sentenced

for paying a supporter through a company so his name would not appear on campaign finance reports.

The Obama administration used Clinton's dossier to lie to judges and get wiretap warrants against Trump. White House logs and Obama officials reveal six days before Trump took office, Barack Obama and Joe Biden met with FBI Director James Comey to discuss how to use the dossier and illegal wiretaps to investigate and potentially jail Trump.

"Voting for Laique Rehman on March 3 is the only way to hold Obama and Hillary accountable..."

Four top Obama officials then illegally leaked the content of those wiretapped calls.

All four were top officials, two of whom had offices in Obama's West Wing. It is highly unlikely they would have secured and leaked phone calls regarding the incoming President without Obama's knowledge or orders.

"I am the only candidate in the March 3 primary who wants these crimes investigated," said Rehman. **-HSN**

The Laique Rehman Plan:

Hillary Clinton and Barack Obama would be forced to testify before Congress, under oath, about:

* How Hillary Clinton ordered the "Russian dossier" used to smear Trump, wiretap him and order the "Muller investigation" of Trump. Not only was Clinton's dossier fake, by concealing how she paid for it she may have violated federal campaign finance law.

* How the Obama administration used Clinton's dossier to lie to judges and get wiretap warrants against Trump. White House logs and Obama officials reveal six days before Trump took office, Barack Obama and Joe Biden met with FBI Director James Comey to discuss how to use the dossier and illegal wiretaps to investigate and potentially jail Trump.

If Obama or Clinton were to lie in their testimony, they could be jailed for perjury.

If Obama or Clinton were to refuse to testify, they could be jailed for contempt of Congress.

Obama and Clinton could also be jailed for campaign finance violations and approving illegal warrants.

Laique Rehman only candidate proposing congressional Soros investigation

Two probes reveal Russian government bankrolling plan to shut down US oil and gas, worked alongside Soros groups

Documents reveal George Soros (left) and Russian President Vladimir Putin (right) have been working to shut down U.S. oil and gas. A 2017 investigation reveals after declaring Soros' agenda an effective national security threat, Russia and Soros both worked to cut off U.S. oil and gas to Ukraine.

In 2017 Texas 14th District Congressman Randy Weber (left) revealed how the Russian government was bankrolling anti-oil groups in the U.S. Laique Rehman (right) is the only candidate in the March 3 GOP primary for Congress in the 7th District pledging to investigate whether Soros is among those getting Russian support.

Laique Rehman is the only candidate in the March 3 GOP primary pledging to pursue a U.S. House investigation into ties between George Soros' plans to shut down U.S. oil and gas and past Russian government support for such efforts.

Rehman cites the results of two investigations into Russia and Soros, including one by a pair of Texas congressman, in pledging to pursue a full congressional investigation.

"We know the Russian government is funding U.S. liberal groups trying to ban oil and gas. We know George Soros has U.S. lib-

eral groups trying to ban oil and gas," said Rehman. "We know Soros groups and the Russian government already tried to ban U.S. oil and gas overseas. Why is no one looking into whether Soros is one of the many U.S. liberals to whom Russia is directing support here in the U.S.?"

In June 2017, Texas Congressmen Randy Weber and Lamar Smith revealed how Russia was bankrolling U.S. liberal groups working to cut off oil and gas.

Two months later, an August 2017 investigation by *The Daily Caller* document-

ed how the Russian government and groups acting on behalf of George Soros both worked to cut off U.S. oil and gas to Ukraine.

Congressman Weber has called for an investigation to whether "foreign entities working to influence U.S. policy are in violation of federal statutes pertaining to foreign governments or those lobbying on behalf of domestic and foreign interests."

As part of Rehman's U.S. House investigation, the bank records of Soros groups would be subpoenaed, and Soros himself would be subpoenaed to testify under oath. **-HSN**

THE "TEXAS PLEDGE"

BALANCING THE BUDGET

Federal deficit for 2020 will exceed \$1.1 trillion. I consider this as one of the greatest threats facing our nation. Like any business, we need to cut costs across the board and shut down some federal programs including some departments. We need to restore competition in all sectors of the economy by protecting small and mid-size business.... nothing is too big to fail.

BUILDING OUR INFRASTRUCTURE

District 7 is one of the affluent districts in the country and yet we were one of the worst flood victims when Hurricane Harvey struck Houston. I will work across the aisle to ensure the funds collected from the District are spent to improve the infrastructure of the district and our great State of Texas. Similarly as our exports oil and gas and downstream products grow we need to improve the infrastructure including ports and waterways that are used for exporting our products.

STRONG MILITARY

I will work relentlessly to support President Trumps agenda to modernize our military. I fully support the president in not getting into endless wars and use the money to modernize our military and improve the support for the veterans.

MORE JOBS FOR TEXAS

I have been working for decades in the oil and gas industry and passionately believe that future of Texas jobs rely on this Industry. Lizzie Fletcher and her green colleagues are working towards banning fracking and killing this industry. Small business remains the largest employer in the US. For the record our Shale Oil and Gas was not developed by large oil majors but by smaller outfits. I will work to protect the creativity and ingenuity of our small business. I will support our President to keep taxes low. I also propose removing taxes from retirement savings after retirement. Pledge to be tax payers best friend in Washington.

FAIR TRADE

Having worked for decades in the frontlines of American trade selling US products for a living I understand the importance of fair trade. I will work relentlessly to remove obstacles facing US products and services when they enter other countries. Countries all over the world want access to our markets similarly we need fair access for US goods and services to these markets.

PUBLIC SAFETY AND EDUCATION

We need to do more for protecting family's safety and education. Education need not end after high school. American workforce will needs to be constantly educated and retooled to compete in the global economy.

BORDER PROTECTION

We are a country of immigrants. I will work to support President Trumps agenda of supporting merit based immigration systems and stop the flow of illegal immigrants.

HEALTH CARE

Obamacare is destroying the concept of old fashioned small practice by removing the competition and making health care unaffordable. I believe all policies should be free market related.

2ND AMENDMENT

I believe in the protection of our Second Amendment rights.

Signed,

Laique Rehman

THE 2020 SENTINEL-NEWS SURVEY

1) In 2017 Texas Congressmen Randy Weber and Lamar Smith revealed how the Russian government was supporting U.S. political groups trying to shut down U.S. oil and gas. Many of these groups are funded or supported by George Soros. Two months later, an investigation by the Daily Caller News Foundation revealed how groups acting on behalf of George Soros, as well as the Russian government, tried to shut off U.S. oil and gas to Ukraine. There are now questions as to whether Soros' groups are among those to whom the Russian government has been shown to be funnelling money.

Laique Rehman is the only candidate in the March 3 Republican primary for Congress calling for a full congressional investigation into whether Soros groups are among those supporting Russia's efforts to undermine the U.S. All other candidates are silent. Do you agree with Laique Rehman that Congress must investigate Soros?

Yes No Unsure

2) Every Republican running claims they fight for our values, but when elected they join The Swamp. **Laique Rehman is the only candidate in the March 3 Republican Primary who signed "The Texas Pledge" that confirms – in sworn writing – he will support a conservative agenda.**

Do you agree with Laique Rehman that all other Republican candidates should have joined him in signing a Pledge?

Yes No Unsure

3) The effort to defeat President Trump began with a "Russian dossier" the Hillary Clinton campaign illegally funded. Barack Obama's White House then used that "Russian dossier" to illegally spy on President Trump. Six days before President Trump took office, FBI Director James Comey met with Barack Obama and Joe Biden in the Oval Office to discuss how to use the illegal investigation against Trump.

Laique Rehman is the only candidate who wants a congressional investigation into Obama and Clinton. Do you agree with Laique Rehman that Congress must force Obama and Clinton to testify about their involvement in illegal actions?

Yes No Unsure

4) Laique Rehman is a conservative patriotic businessman and the only candidate in the March 3 Republican primary with global business experience. That is especially important, as Houston is vulnerable to a possible economic downturn even as the rest of the country sees a record economic and stock market boom.

Do you agree with Laique Rehman that the results of the last three years proves we need to elect more candidates who are conservatives with real world global business experience?

Yes No Unsure

5) **The Republican Primary is March 3, and anyone can vote early February 18 to 28. Will you support Laique Rehman for U.S Congress?**
